

TEXPRO

eco apparel ltd.

COMPANY PROFILE

Texpro Eco Apparel Ltd. (TEAL) is an eco-sustainable garments factory. Its master plan designed on 1.5 acres land. TEAL is developing eco-friendly project strictly applying the Gold Category requirements of Leadership in Energy & Environmental Design (LEED), which are officially registered in the USGBC (U.S. Green Building Council). Adequate space and scope for fresh air, rainwater storage and use, wastewater managing as well as recycling and reusing, reduction of carbon emission, use of efficient and renewable energy, and use of heat-resistant and carbon emission free building materials are a few of the major features of this green project. About 4,400 workers can work here in the most pleasant indoor and outdoor environments. We have all measures and features to ensure safety, security and good working environment for the people working in it. Open terrace with grass carpeting and gardens add to its pleasant and healthy ambiance.

Texpro is working with some of the biggest workwear and fashionable brands in the world. We have been exporting readymade garments to USA, Canada and Europe for a long time. We are expert in Jacket Coats, Overalls, Coveralls, Vests, Jeans, Dungarees, Trousers, Shorts, Sweatshirt etc. We will be able to produce plenty pieces of high quality woven garments of diverse types in Outerwear, Workwear, Uniforms as well as Casual ranges every day.
